

This is the taxi rate schedule as of 4/18/2024 when traveling from inside the PVR Airport property to different zones in the area. Our condo Villa Magna Residences is in Zone 2. There is a taxi stand desk inside the PVR Airport building just to the right of the last door before leaving the building for daylight. You can go up to the taxi desk, or you can simply talk to one of the many taxi employees holding a small yellow and black sign with the word taxi. If you go to the stand, you will pay there by **cash or credit card** and get a receipt. If you just talk to someone holding a sign and get in the cab without stopping at the taxi desk inside, you'll pay by **cash only** at a small shack as the car exits the airport property.

We have found this to be the most economical rate from within the airport and fastest way to get underway...Once in the cab it should take about 15 minutes to get to the condo (depending on traffic).

TAXI RATES IN MEXICAN PESOS / TARIFA EN PESOS MEXICANOS

Note...based on the most recent rate chart from Villa Magna (you'll find this on our site just below where you clicked to read this PDF), it should cost just about 2/3 of this to return to the airport from the condo.

One more note....

Tell the taxi desk you are going to Villa Magna in Nuevo...the driver may refer to our location as the resort's new name, "Wyndham Alltra". This is the same place..You'll just need to tell them you are going to the Villa Magna Private Residences Condo entrance and not the hotel entrance.
